Janesville Weekly Gazette.

TERMS PER YEAR, - - - $2,00.
IN ADVANCE.

THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the DAILY to select from, we challenge comparison with any newspaper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary merit and in local information relating to this city and county, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

WE HAVE a statement from Newbern that the rebel ram *Roanoke* was injured somewhat in the recent fight at Plymouth, but as soon as it is repaired it will, in company with its consort on the Neuse River, proceed to attempt to demolish our naval force and aid the rebels in reasserting their authority over the whole of North Carolina.

FLAG PRESENTATION.—Just previous to the departure of the veteran 12th regiment from Madison on Saturday last, two handsome flags were presented to it, the Lieut. Governor making some very appropriate remarks on the occasion.

The veteran company in the regiment was also presented with a fine flag for re-enlisting the largest number of men for another term of service. It was the gift of Col. Proudfit.

IT IS said that of the corps of male teachers in the Cincinnati Puplic Schools, 49 are members of the National Guards, and if they all respond to the call ten subdistricts will be left without a male teacher. A proposition was made in the Board of Education to hire sustitutes, but it was decided that there was no authority for appropriating funds in that way, and it was concluded to let them go and supply their places as it best could be done.

A LETTER was received from Col. Jefferson, of the 8th Wisconsin veterans, on Saturday. The regiment was at Grand Ecore on the 16 ult. It was not engaged in the recent battles. Col. Jefferson expects to start for Wisconsin with his regiment before the close of the month.

MADISON JOURNAL.—A recent number of this paper announces that H. M. PAIGE has become connected with it as assistant editor. Mr. P. is no stranger to the duties of editorial life, and is well qualified to render Mr. Rublee efficient aid in making the *Journal* one of the leading papers in the State.

THE NEW YORK *World*, in its Washington correspondence, asserts postively that Grant peremptorily demands that McClellan and Fremont shall both be assigned to duty under him. We presume there is no truth in the assertion.

A LETTER was read in the United States Senate on the 26th, from the Vice-President, saying that he will be absent for the residue of the session. Clark, of New Hampshire was elected Vice President, *pro tem.*

WASHINGTON DISPATCHES state that Gen. Halleck has been appointed Chief of the Cavalry Bureau, and that Admiral Dahlgren has returned to the blockading squadron, off Charleston.

A SIGN OF THE TIMES.—We observe that some of our Copperhead exchanges are so violently opposed to *paper expansion*, that they are reducing the size of the sheets on which they are printed.

A WASHINGTON correspondent of the Cincinnati *Enquirer* says that Secretary Stanton pronounces General Grant to be the clearest headed military man he has met with for a long time.

SEIZURE OF STEAMBOATS.—Five steamboats were seized by the government at Cincinnati yesterday, to be used in transportation of troops and supplies.

A GRAND Jury at Chicago was lately obliged to suspend business for a while in consequence of one of the jurors having an attack of delirium tremens.

THE WASHINGTON *Chronicle* of Friday contains an authoritive denial of the story that General Grant and the Secretary of War have quarrelled.

A GAY AND FESTIVE WIDOW.—Some people can bear grief. Afflictions slide from them like water from a duck's breast. A case in point recently occurred in this city. The story comes to us from a source entitled to credit, and deserves to be mentioned. A soldier at Harvey Hospital was dangerously ill. His wife—the partner of his bosom—a young woman apparently about twenty, came to see him and to console him. She resided, we understand at Fond du Lac or vicinity.—When she arrived at the hospital her husband was past hope. She seemed much affected at first and wept plenteously. The next morning, however, she seemed more reconciled. Her husband was still living, but it was impossible that he should recover.—He was at the point of death. The wife told one of the nurses she was going to the depot to get a change of clothing. She was told her husband could not live till her return.—Nevertheless she went. The man died.—This was on Tuesday morning. The wife returned, and, after the corpse had been laid out, so far recovered her spirits, that, in the afternoon, she went to the circus!—*Madison Journal.*

DEATH OF A VENERABLE CITIZEN.—In another place will be found a notice of the death of James Mears, father of James R., William A., and Charles S. Mears, of this city. He was born in Massachusetts, April 11th, 1774, so that he was over 90 years of age, the span of his life including the revolutionary struggle, and the whole history of the Republic to the present time. He had voted at every Presidential election since Washington's term, and only lacked a year of being old enough to have voted for Washington. In 1860 he cast his last vote, giving it for Abraham Lincoln.—*Madison Journal.*

BOY LOST.—John, a little son of Patrick Bailey, of the town of Glenmore, Brown county, Wis, left his home, mysteriously, about the 10th of March last, since which time nothing has been heard of him from his friends. He is thirteen years old, has light, sandy hair, light complexion, blue eyes, a round plump face. Any information that will lead to the recovery of said boy, sent to the Green Bay *Advocate* office, will be liberally paid for.

The Diamond Wedding.

Our readers have not forgotten the famous "Diamond Wedding," in New York, at which a Miss Bartlett married Senor Oviedo, a wealthy Cuban. The editor of the Milwaukee *Wisconsin* writes from Havana as follows:

"It will be remembered that when the Cuban Oviedo married Miss Bartlett of New York, it was termed on account of his lavish gifts, 'The Diamond Wedding.' Has the wedding resulted happily? As I was in the cars by the Guines route to Mantanzas, it occurred to me that Senor Oviedo had plantations near that famed Pan of Mantanzas. Fortunately I found people who knew someting of the Senor. One thing is certain, he is immensely rich—not so wealthy as Aldoma, but still his property is counted among the millions.

What of him? We do not hear much good. He is reported to have had an extensive harem of his slaves, and is the putative father of twenty-five or thirty yellow piccaninnies. To speak in brief—he was called "old wretch." His young American wife is represented under different aspects—some say very well contented—others that she is miserable. My own conviction is, that she has plenty of money to spend, and is not likely to be very miserable—as she married for money, and that reality she has—for Oviedo's plantations are superb. She has no child of her own—but can turn her attention to Oviedo's yellow children. From what I learned, I came to the conlusion that Oviedo's social position is not equal to his wealth—that is, even his enormous wealth does not assure him or his wife a cordial reception among the first society of Cuba.

MURDER.—A. Kniffenaker, formerly a resident of this city was murdered a few days ago in Viroqua. Bad Ax county, in this State. The facts as we glean them from rumor are that an altercation took place between him and a supervisor, whose name we have not learned, in regard to the survey of a road, and during the controversy the supervisor struck Kniffenaker with a club and somewhat stunned him. Upon recovering he followed the supervisor into the village of Viroqua. The supervisor, when seeing he was followed, stepped into a saloon and took a gun loaded it with buckshot, and as Kniffenaker stepped into the door he shot him through the body so that he lived only three hours after he was shot. The murderer is in jail awaiting trial.—*Madison Journal.*

—"Mother," said Ike Partington, "did you know that the iron horse has but one ear?" "One ear! merciful gracious child, what do you mean?" "Why, the engin-eer, of course."

FLORENCE NIGHTINGALE has sent to the Metropolitan Fair copies of her work on nursing, dated "from a sick-bed."

Things to be Remembered.

First, That it is a positive business necessity to have your buildings, merchandize and other personal property insured against fire.

Second, That E. L. Dimock now has the agency of nearly all the *Sound Old Eastern* Insurance Companies that are represented in the west, and that the capital represented by these companies is sufficient to do all the insurance for *Janesville and Rock County.*

Third, That these companies are noted for adjusting losses fairly and paying them promptly.

Fourth, That E. L. Dimock has left a few more of those beautiful calendars for 1864, blotting pads and exeise laws for distribution to customers. dtf.

COAL.—I have made permanent arrangements with Mr. Robert Law of Chicago, agent of several of the most extensive coal mines in the United States, and much the largest coal dealer in the northwest, to furnish a full supply of the best qualities of coal for Janesville and vicinity. In the course of a short time I shall be ready to make contracts for any amount at the lowest possible figures.

[This meeting will take place immediately after the one called to consider the holding of the State Fair.]

THE ONE HUNDRED DAY SERVICE.—"They are springing to the call, boys," 5000 more, with great alacrity all over the State, for the hundred day service. Wherever military organizations exist they are filling up their ranks and tendering their services, and recruiting officers are already meeting with flattering success in procuring men. Mr. Lockwood the Principal of the High School has procured a recruiting commission, and we understand has made considerable progress toward raising a company. Mr. J. W. Smith has also flattering encouragement in his efforts in the same direction. Fall in boys; fall in! Quick time—march!

AN APPEAL FOR BUTTER AND EGGS.—The hospitals are again in great need of butter and eggs. Our sick soldiers crave tea, toast and boiled eggs more than almost any other article of diet. Will not our country friends aid us promptly and largely in supplying this want, and send to us—in addition to the bountiful supply of vegetables and pickles which are now being forwarded to us—butter for toast, and eggs, out of which such varieties of dishes can be made? Eggs are dainty and nutricious, and have a taste and look of home. Let the boys have all they can of home in the Hospital and the Camp. The weather is too warm to send this kind of supplies below after the 1st of June next. Gather and send them in.

Shall our brave men, stricken with disease, suffer and lack for comfort or sustenance within our means to supply? We urge you in their behalf, and because they mutely implore it, to add to the supply of our vegetables now pouring in upon us by every freight train, barrels of eggs and kegs of butter, to hasten the return of the sick soldier to health and duty.

All packages should be plainly directed as follows:

DISEASES OF THE EYE AND EAR.—Dr. Gardner, Occulist and Aurist, and one of the ablest operators in this country will again visit Janesville for three days on Thursday, Friday and Saturday, May 12th, 13th, and 14th. Office at the Hyatt House.

The testimonials which Dr. Gardner presents to the public could never have been obtained except by the display of great skill and learning in his profession. One thing especially commendable in the doctor's practice is that he will not attempt an incurable disease for the sake of a fee, but frankly tells the patient whether he can be cured or not. We cheerfully recommend Dr. Gardner to the attention of all our friends who may be suffering from diseases of the eye or ear.

Reported Expressly for the Gazette.

OUR MORNING DISPATCHES.

Army of Potomac Ready to Move!

GEN. BANKS' OFFICIAL REPORT!

The Rebels in North Carolina!

ARMY OF THE POTOMAC.

WASHINGTON, May 3.—*Times* special.—Mr. E. A. Paul sends the following to the *Bureau*: "All quiet with the Army of the Potomac to-day. Everything is in readiness for a movement at the proper moment. Our troops are in excellent spirits and anxious to advance against the enemy under their new commander-in-chief. Burnside's position is a favorable one. Deserters from the enemy all agree in saying that Lee is making extensive preparations to meet Grant there."

The people profess to believe that Richmond is being evacuated.

A number of Senators met in caucus today to agree upon a united course in regard to the restoration of Frank Blair to his command in the army. They decided to support the resolution refusing to recognize Blair as Maj. Gen. in military service, and recommend his dismissal from said service on grounds that he holds his commission in violation of the law.

FROM BANKS' DEPARTMENT.

WASHINGTON, May 3.—Banks, in official despatches to the War Department, relative to the Red River campaign, admits a surprise and a reverse on the 8th of April, but claims that the battles on the 9th and 10th resulted in terrible disaster to the rebels, and was on the whole victorious. The cost to the rebels in killed and wounted being greater proportionally than ever suffered in any battle during the war.

The internal revenue during the month of April is upwards 10,000,000 dollars.

NEW YORK, May 4.—*Herald's* New Orleans letter of the 26th ult., confirms the statement that Banks has fallen back to Alexandria in consequence of low water in the river.

All gunboats and transports except the *Eastport* are down to or below the falls. Six gunboats which went up Black and Washitta rivers to Monroe and burned 2,000 bales of cotton, carried off 900 contrabands, besides conveying down the steamer *Rubie* with 480 more contrabands.

FROM THE SOUTH.

WASHINGTON, May 3.—Special to the *World*. An officer, formerly of the 18th N. C. was brought here to-day, having been captured on the Potomac. The general belief in Richmond, he says, is that Lee's entire army at present, numbers about 50,000, and Longstreet who was at Charlesville when the left, had over 12,000. He states that should Richmond be besieged it could not hold out one month. The *Republican* says it begins to be believed in high military quarters that Lee is endeavoring to escape from the Rapidan to the works in the neighborhood of Richmond.

FROM NORTH CAROLINA.

NEW YORK, May 3.—The *Herald* has Newbern letters to April 30th. The rebels under Hoke approached Little Washington the 26th. Beauregard is now in command of rebel forces in North Carolina. A rebel transport from Kingston came down Neuse river within 4 miles of Newbern, and there stuck fast. She draws 9 feet of water and evidently will never be serviceable. The river is falling, and in some places is unnavigable. A rebel brigade under Corse, of 2,000, is between Newberne and Kingston.

Maj. Gen. Peck is relieved from command of forces in North Carolina, and succeeded by Brig. Gen. Palmer.

Deserters report that twelve regiments—the force which took Plymouth—have been sent to Kingston, and an attack on Newberne is expected at an early day.

FROM IOWA.

DES MONIES, May 3.—The *State Register* says from all parts of the State it hears of activity and promptness in raising the new volunteer regiments. On Wednesday last, Gov. Stone shipped ten thousand Enfield rifles and suits of clothing for Iowa, from Washington, and immediately started for home via New York. One full regiment of heavy artillery will be accepted. Of the veteran troops from Iowa 6,529 have re-enlisted for the war.

This, in propotion to the number of inhabitants and the number of men in the field, beats every other State.

DAVENPORT, May 2.—The recruiting for the 100 days service are going briskly on throughout the State of Iowa. DeWitt has already raised a full company, and they elected their officers on Saturday evening. In Dubuque they have raised two companies, one man, Capt. Mathews, alone raising seventy-three men.

AFTERNOON DISPATCHES.

FROM WASHINGTON.

WASHINGTON, May 4.—A new principle has been adopted by a recent law, namely, authorizing the Post Master General to refund to Post Masters the sum of which they may have been robbed by confederate forces or rebel guerrillas.

FROM MISSOURI.

ST. LOUIS, May 3, 1864.—Advices from Lexington, Mo., and Kansas City, state that a very general alarm exists, caused by the reports of Quantrell's entrance into the state, at the head of several hundred men. A large number of straggling rebels have lately been picked up in Johnson, Jackson and Cass Counties, who represent the rebels coming in large force.

FROM OHIO.

CINCINNATI, May 3.—The National Guard of Ohio were mustered yesterday, in response to the Goveror's call for one hundred days' men. Out of 486 companies, all but 43 have reported, being 35,000 men for active duty. The whole number will reach nearly 40,000 leaving for the field at a moment's notice. The four Cincinnati regiments turned out nearly 3,000 men, armed and equipped.

FROM CAIRO AND BELOW.

CAIRO, May 3.—The steamer Prairie State, which left Pine Bluff on Tuesday last, and arrived at the port early last evening, brings the news that on Monday last a train of 240 wagons, guarded by a portion of the 6th Missouri, 18th Illinois, and 13th and 5th Indiana cavalry, while returning from Camden, whither they had been sent with supplies for General Steele, were attacked within thirty miles of Pine Bluff by a large force of rebels, supposed to be under command of Gen. Marmaduke, and after brave resistance were overcome with the total loss of their property and men, these not killed being taken prisoners. This news reached the Bluff the day after the fight, by a small party who made their escape from the enemy, and reported Marmaduke to have taken one thousand prisoners and all the artillery with the command, being seven pieces, of different sizes. As this party made their escape in the early part of the action we hope that further news may be better.

I learn by the steamer *Prairie State* that the enemy are felling trees in the Washita river, below Camden, completely destroying the navigation of that stream, thereby cutting off communication by water with Gen. Steele's command.

A train on the Illinois Central railroad ran off the track, while coming south yesterday morning, near Effingham, smashing up three cars badly, loaded with soldiers, and doing other injury.

Three members of the 53d Indiana were instantly killed, and several more severely injured.

At Odin, on the same train, one soldier of the 12th Wisconsin regiment had a leg cut off by accident.

FROM CHATTANOOGA.

CHATTANOOGA, April 28.—The greater part of the 20th corps is about to make a rapid march in some direction, where there will be a probability of fighting. No transportation will be allowed but barely sufficient to carry the necessary ammunition and ten days' rations, of which three will be carried by the soldiers in their haversacks. Surplus transportation, ordnance, etc., has been "turned overf" and other preparation made. Scouting parties have been sent out in the direction of Trenton. There are various surmises as to the direction to be taken; but it will be where rebels are expected to be found. No tents or baggage are allowed. Officers, except those who have horses, will carry their own baggage, being thus on the same footing with the soldiers. Ringgold, Trenton, or Dalton is supposed to be our destination. Hot work ahead. The second division of this corps has just arrived. The whole three divisions are now here.

FROM FORT SMITH.

LEAVENWORTH, May 1st.—The *Conservatives's* Fort Smith correspondent says: In a late letter motion was made of the fact that Price's army in Southwestern Arkansas had quite recently been reclothed *via* Mexico and Texas. The recent visit of Sterling Price to Texas had this for its object. Information recently received developes a startling fact. The point at which these supplies crossed into Texas was probably at the Eagle Pass (Fort Duncan.) To that point from the sea coast, supplies *were guarded to Texas by French soldiers.* There is no doubt of this fact. The information came in a direct way. It behooves the State Department to investigate the matter. A very large amount of stores, warlike and otherwise, are reported as constantly arriving. The trains are always protected by French military authorities till they reach the Confederate lines.

FROM INDIANAPOLIS.

INDIANAPOLIS, May 3.—Indiana's quota of 20,000 will be raised readily. Men of wealth and intelligence are going into the ranks. One company represents members worth $100,000. Three regiments of cavalry left to-day for the front. Farms in Indiana look deserted on account of the number of men gone to the field.

CATARRH, THROAT DISEASES!

ASTHMA, BRONCHITIS!

Early Stages of Consumption!

LIVER COMPLAINTS,

Diseases of Women!

And all other Complaints that Lead to Consumption,

Are treated by DR. HALE, at the

Wisconsin Throat & Lung Institute,

Myers' Block, Janesville,

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a speciality in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; Dewitt Davis, N. G. Renston, D. R. Stout, F. J. Tupper, Ellis Doty, Job printer, J. D. Hayner, W. H. Mann, E. R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

The list could be extended to an indefinite length, but the above will suffice.

VOLUME 8. JANESVILLE, WIS., WEDNESDAY, MAY 4, 1864. NUMBER 56.

Janesville Weekly Gazette.

TERMS PER YEAR, - - - $2,00.
IN ADVANCE.

THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the DAILY, to select from, we challenge comparison with any newspaper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary merit and in local information relating to this city and county, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

WE HAVE a statement from Newbern that the rebel ram *Roanoke* was injured somewhat in the recent fight at Plymouth, but as soon as it is repaired it will, in company with its consort on the Neuse River, proceed to attempt to demolish our naval force and aid the rebels in reasserting their authority over the whole of North Carolina.

FLAG PRESENTATION.—Just previous to the departure of the veteran 12th regiment from Madison on Saturday last, two handsome flags were presented to it, the Lieut. Governor making some very appropriate remarks on the occasion.

The veteran company in the regiment was also presented with a fine flag for reenlisting the largest number of men for another term of service. It was the gift of Col. Proudfit.

IT IS said that of the corps of male teachers in the Cincinnati Puplic Schools, 49 are members of the National Guards, and if they all respond to the call ten subdistricts will be left without a male teacher. A proposition was made in the Board of Education to hire sustitutes, but it was decided that there was no authority for appropriating funds in that way, and it was concluded to let them go and supply their places as it best could be done.

A LETTER was received from Col. Jefferson, of the 8th Wisconsin veterans, on Saturday. The regiment was at Grand Ecore on the 16 ult. It was not engaged in the recent battles. Col. Jefferson expects to start for Wisconsin with his regiment before the close of the month.

MADISON JOURNAL.—A recent number of this paper announces that H. M. PAIGE has become connected with it as assistant editor. Mr. P. is no stranger to the duties of editorial life, and is well qualified to render Mr. Rublee efficient aid in making the *Journal* one of the leading papers in the State.

THE NEW YORK *World*, in its Washington correspondence, asserts postively that Grant peremptorily demands that McClellan and Fremont shall both be assigned to duty under him. We presume there is no truth in the assertion.

A LETTER was read in the United States Senate on the 26th, from the Vice-President, saying that he will be absent for the residue of the session. Clark, of New Hampshire was elected Vice President, *pro tem.*

WASHINGTON DISPATCHES state that Gen. Halleck has been appointed Chief of the Cavalry Bureau, and that Admiral Dahlgren has returned to the blockading squadron, off Charleston.

A SIGN OF THE TIMES.—We observe that some of our Copperhead exchanges are so violently opposed to *paper expansion*, that they are reducing the size of the sheets on which they are printed.

A WASHINGTON correspondent of the Cincinnati *Enquirer* says that Secretary Stanton pronounces General Grant to be the clearest headed military man he has met with for a long time.

SEIZURE OF STEAMBOATS.—Five steamboats were seized by the government at Cincinnati yesterday, to be used in transportation of troops and supplies.

A GRAND Jury at Chicago was lately obliged to suspend business for a while in consequence of one of the jurors having an attack of delirium tremens.

THE WASHINGTON *Chronicle* of Friday contains an authoritive denial of the story that General Grant and the Secretary of War have quarrelled.

A GAY AND FESTIVE WIDOW.—Some people can bear grief. Afflictions slide from them like water from a duck's breast. A case in point recently occurred in this city. The story comes to us from a source entitled to credit, and deserves to be mentioned. A soldier at Harvey Hospital was dangerously ill. His wife—the partner of his bosom—a young woman apparently about twenty, came to see him and to console him. She resided, we understand at Fond du Lac or vicinity.—When she arrived at the hospital her husband was past hope. She seemed much affected at first and wept plenteously. The next morning, however, she seemed more reconciled. Her husband was still living, but it was impossible that he should recover.—He was at the point of death. The wife told one of the nurses she was going to the depot to get a change of clothing. She was told her husband could not live till her return.—Nevertheless she went. The man died.—This was on Tuesday morning. The wife returned, and, after the corpse had been laid out, so far recovered her spirits, that, in the afternoon, she went to the circus!—*Madison Journal.*

DEATH OF A VENERABLE CITIZEN.—In another place will be found a notice of the death of James Mears, father of James R., William A., and Charles S. Mears, of this city. He was born in Massachusetts, April 11th, 1774, so that he was over 90 years of age, the span of his life including the revolutionary struggle, and the whole history of the Republic to the present time. He had voted at every Presidential election since Washington's term, and only lacked a year of being old enough to have voted for Washington. In 1860 he cast his last vote, giving it for Abraham Lincoln.—*Madison Journal.*

BOY LOST.—John, a little son of Patrick Bailey, of the town of Glenmore, Brown county, Wis, left his home, mysteriously, about the 10th of March last, since which time nothing has been heard of him from his friends. He is thirteen years old, has light, sandy hair, light complexion, blue eyes, a round plump face. Any information that will lead to the recovery of said boy, sent to the Green Bay *Advocate* office, will be liberally paid for.

The Diamond Wedding.

Our readers have not forgotten the famous "Diamond Wedding," in New York, at which a Miss Bartlett married Senor Oviedo, a wealthy Cuban. The editor of the Milwaukee *Wisconsin* writes from Havana as follows:

"It will be remembered that when the Cuban Oviedo married Miss Bartlett of New York, it was termed on account of his lavish gifts, 'The Diamond Wedding.' Has the wedding resulted happily? As I was in the cars by the Guines route to Mantanzas, it occurred to me that Senor Oviedo had plantations near that famed Pan of Mantanzas. Fortunately I found people who knew someting of the Senor. One thing is certain, he is immiensely rich—not so wealthy as Aldoma, but still his property is counted among the millions.

What of him? We do not hear much good. He is reported to have had an extensive harem of his slaves, and is the putative father of twenty-five or thirty yellow piccaninnies. To speak in brief—he was called "old wretch." His young American wife is represented under different aspects—some say very well contented—others that she is miserable. My own conviction is, that she has plenty of money to spend, and is not likely to be very miserable—as she married for money, and that reality she has—for Oviedo's plantations are superb. She has no child of her own—but can turn her attention to Oviedo's yellow children. From what I learned, I came to the conlusion that Oviedo's social position is not equal to his wealth—that is, even his enormous wealth does not assure him or his wife a cordial reception among the first society of Cuba.

MURDER.—A. Kniffenaker, formerly a resident of this city was murdered a few days ago in Viroqua. Bad Ax county, in this State. The facts as we glean them from rumor are that an altercation took place between him and a supervisor, whose name we have not learned, in regard to the survey of a road, and during the controversy the supervisor struck Kniffenaker with a club and somewhat stunned him. Upon recovering he followed the supervisor into the village of Viroqua. The supervisor, when seeing he was followed, stepped into a saloon and took a gun loaded it with buckshot, and as Kniffenaker stepped into the door he shot him through the body so that he lived only three hours after he was shot. The murderer is in jail awaiting trial.—*Madison Journal.*

Things to be Remembered.

First, That it is a positive business necessity to have your buildings, merchandize and other personal property insured against fire.

Second, That E. L. Dimock now has the agency of nearly all the *Sound Old Eastern* Insurance Companies that are represented in the west, and that the capital represented by these companies is sufficient to do all the insurance for *Janesville and Rock County.*

Third, That these companies are noted for adjusting losses fairly and paying them promptly.

Fourth, That E. L. Dimock has left a few more of those beautiful calendars for 1864, blotting pads and excise laws for distribution to customers. dtf.

COAL.—I have made permanent arrangements with Mr. Robert Law of Chicago, agent of several of the most extensive coal mines in the United States, and much the largest coal dealer in the northwest, to furnish a full supply of the best qualities of coal for Janesville and vicinity. THE ONE HUNDRED DAY SERVICE.—"They are springing to the call, boys," 5000 more, with great alacrity all over the State, for the hundred day service. Wherever military organizations exist they are filling up their ranks and tendering their services, and recruiting officers are already meeting with flattering success in procuring men. Mr. Lockwood the Principal of the High School has procured a recruiting commission, and we understand has made considerable progress toward raising a company. Mr. J. W. Smith has also flattering encouragement in his efforts in the same direction. Fall in boys; fall in! Quick time—march!

AN APPEAL FOR BUTTER AND EGGS.—The hospitals are again in great need of butter and eggs. Our sick soldiers crave tea, toast and boiled eggs more than almost any other article of diet. Will not our country friends aid us promptly and largely in supplying this want, and send to us—in addition to the bountiful supply of vegetables and pickles which are now being forwarded to us—butter for toast, and eggs, out of which such varieties of dishes can be made? Eggs are dainty and nutricious, and have a taste and look of home. Let the boys have all they can of home in the Hospital and the Camp. The weather is too warm to send this kind of supplies below after the 1st of June next. Gather and send them in.

Shall our brave men, stricken with disease, suffer and lack for comfort or sustenance within our means to supply? We urge you in their behalf, and because they mutely implore it, to add to the supply of our vegetables now pouring in upon us by every freight train, barrels of eggs and kegs of butter, to hasten the return of the sick soldier to health and duty.

All packages should be plainly directed as follows:

DISEASES OF THE EYE AND EAR.—Dr. Gardner, Oculist and Aurist, and one of the ablest operators in this country will again visit Janesville for three days on Thursday, Friday and Saturday, May 12th, 13th, and 14th. Office at the Hyatt House.

The testimonials which Dr. Gardner presents to the public could never have been obtained except by the display of great skill and learning in his profession. One thing especially commendable in the doctor's practice is that he will not attempt an incurable disease for the sake of a fee, but frankly tells the patient whether he can be cured or not. We cheerfully recommend Dr. Gardner to the attention of all our friends who may be suffering from diseases of the eye or ear.

Reported Expressly for the Gazette.

OUR MORNING DISPATCHES.

Army of Potomac Ready to Move!

GEN. BANKS' OFFICIAL REPORT!

The Rebels in North Carolina!

ARMY OF THE POTOMAC.

WASHINGTON, May 3.—*Times* special.—Mr. E. A. Paul sends the following to the *Bureau*: "All quiet with the Army of the Potomac to-day. Everything is in readiness for a movement at the proper moment. Our troops are in excellent spirits and anxious to advance against the enemy under their new commander-in-chief. Burnside's position is a favorable one. Deserters from the enemy all agree in saying that Lee is making extensive preparations to meet Grant there."

The people profess to believe that Richmond is being evacuated.

A number of Senators met in caucus today to agree upon a united course in regard to the restoration of Frank Blair to his command in the army. They decided to support the resolution refusing to recognize Blair as Maj. Gen. in military service, and recommend his dismissal from said service on grounds that he holds his commission in violation of the law.

FROM BANKS' DEPARTMENT.

WASHINGTON, May 3.—Banks, in official despatches to the War Department, relative to the Red River campaign, admits a surprise and a reverse on the 8th of April, but claims that the battles on the 9th and 10th resulted in terrible disaster to the rebels, and was on the whole victorious. The cost to the rebels in killed and wounded being greater proportionally than ever suffered in any battle during the war.

The internal revenue during the month of April is upwards 10,000,000 dollars.

NEW YORK, May 4.—*Herald's* New Orleans letter of the 26th ult., confirms the statement that Banks has fallen back to Alexandria in consequence of low water in the river.

All gunboats and transports except the *Eastport* are down to or below the falls. Six gunboats which went up Black and Washitta rivers to Monroe and burned 2,900 bales of cotton, carried off 900 contrabands, besides conveying down the steamer *Rubie* with 480 more contrabands.

FROM THE SOUTH.

WASHINGTON, May 3.—Special to the *World*. An officer, formerly of the 18th N. C. was brought here to-day, having been captured on the Potomac. The general belief in Richmond, he says, is that Lee's entire army at present, numbers about 50,000, and Longstreet who was at Charlesville when the left, had over 12,000. He states that should Richmond be besieged it could not hold out one month. The *Republican* says it begins to be believed in high military quarters that Lee is endeavoring to escape from the Rapidan to the works in the neighborhood of Richmond.

FROM NORTH CAROLINA.

NEW YORK, May 3.—The *Herald* has Newbern letters to April 30th. The rebels under Hoke approached Little Washington the 26th. Beauregard is now in command of rebel forces in North Carolina. A rebel transport from Kingston came down Neuse river within 4 miles of Newbern, and there stuck fast. She draws 9 feet of water and evidently will never be servicable. The river is falling, and in some places is unnavigable. A rebel brigade under Corse, of 2,000, is between Newberne and Kingston.

Maj. Gen. Peck is relieved from command of forces in North Carolina, and succeeded by Brig. Gen. Palmer.

Deserters report that twelve regiments—the force which took Plymouth—have been sent to Kingston, and an attack on Newberne is expected at an early day.

FROM IOWA.

DES MOINES, May 3.—The *State Register* says from all parts of the State it hears of activity and promptness in raising the new volunteer regiments. On Wednesday last, Gov. Stone shipped ten thousand Enfield rifles and suits of clothing for Iowa, from Washington, and immediately started for home via New York. One full regiment of heavy artillery will be accepted. Of the veteran troops from Iowa 6,529 have re-enlisted for the war.

This, in propotion to the number of inhabitants and the number of men in the field, beats every other State.

DAVENPORT, May 2.—The recruiting for the 100 days service are going briskly on throughout the State of Iowa. DeWitt has already raised a full company, and they elected their officers on Saturday evening. In Dubuque they have raised two companies, one man, Capt. Mathews, alone raising seventy-three men.

AFTERNOON DISPATCHES.

FROM WASHINGTON.

WASHINGTON, May 4.—A new principle has been adopted by a recent law, namely, authorizing the Post Master General to refund to Post Masters the sum of which they may have been robbed by confederate forces or rebel guerrillas.

FROM MISSOURI.

ST. LOUIS, May 3, 1864.—Advices from Lexington, Mo., and Kansas City, state that a very general alarm exists, caused by the reports of Quantrell's entrance into the state, at the head of several hundred men. A large number of straggling rebels have lately been picked up in Johnson, Jackson and Cass Counties, who represent the rebels coming in large force.

FROM OHIO.

CINCINNATI, May 3.—The National Guard of Ohio were mustered yesterday, in response to the Goveror's call for one hundred days' men. Out of 486 companies, all but 43 have reported, being 35,000 men for active duty. The whole number will reach nearly 40,000 leaving for the field at a moment's notice. The four Cincinnati regiments turned out nearly 3,000 men, armed and equipped.

FROM CAIRO AND BELOW.

CAIRO, May 3.—The steamer Prairie State, which left Pine Bluff on Tuesday last, and arrived at the port early last evening, brings the news that on Monday last a train of 240 wagons, guarded by a portion of the 6th Missouri, 18th Illinois, and 13th and 5th Indiana cavalry, while returning from Camden, whither they had been sent with supplies for General Steele, were attacked within thirty miles of Pine Bluff by a large force of rebels, supposed to be under command of Gen. Marmaduke, and after brave resistance were overcome with the total loss of their property and men, these not killed being taken prisoners. This news reached the Bluff the day after the fight, by a small party who made their escape from the enemy, and reported Marmaduke to have taken one thousand prisoners and all the artillery with the command, being seven pieces, of different sizes. As this party made their escape in the early part of the action we hope that farther news may be better.

I learn by the steamer *Prairie State* that the enemy are felling trees in the Washita river, below Camden, completely destroying the navigation of that stream, thereby cutting off communication by water with Gen. Steele's command.

A train on the Illinois Central railroad ran off the track, while coming south yesterday morning, near Effingham, smashing up three cars badly, loaded with soldiers, and doing other injury.

Three members of the 53d Indiana were instantly killed, and several more severely injured.

At Odin, on the same train, one soldier of the 12th Wisconsin regiment had a leg cut off by accident.

FROM CHATTANOOGA.

CHATTANOOGA, April 28.—The greater part of the 20th corps is about to make a rapid march in some direction, where there will be a probability of fighting. No transportation will be allowed but barely sufficient to carry the necessary ammunition and ten days' rations, of which three will be carried by the soldiers in their haversacks. Surplus transportation, ordnance, etc., has been "turned overf" and other preparation made. Scouting parties have been sent out in the direction of Trenton. There are various surmises as to the direction to be taken; but it will be where rebels are expected to be found. No tents or baggage are allowed. Officers, except those who have horses, will carry their own baggage, being thus on the same footing with the soldiers. Ringgold, Trenton, or Dalton is supposed to be our destination. Hot work ahead. The second division of this corps has just arrived. The whole three divisions are now here.

FROM FORT SMITH.

LEAVENWORTH, May 1st.—The *Conservatives's* Fort Smith correspondent says: In a late letter motion was made of the fact that Price's army in Southwestern Arkansas had quite recently been reclothed *via* Mexico and Texas. The recent visit of Sterling Price to Texas had this for its object. Information recently received developes a startling fact. The point at which these supplies crossed into Texas was probably at the Eagle Pass (Fort Duncan.) To that point from the sea coast, supplies *were guarded to Texas by French soldiers.* There is no doubt of this fact. The information came in a direct way. It behooves the State Department to investigate the matter. A very large amount of stores, warlike and otherwise, are reported as constantly arriving. The trains are always protected by French military authorities till they reach the Confederate lines.

FROM INDIANAPOLIS.

INDIANAPOLIS, May 3.—Indiana's quota of 20,000 will be raised readily. Men of wealth and intelligence are going into the ranks. One company represents members worth $100,000. Three regiments of cavalry left to-day for the front. Farms in Indiana look deserted on account of the number of men gone to the field.

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a speciality in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; Dewitt Davis, N. G. Kenyon, D. R. Stout, F. J. Tupper, Ellis Doty, job printer, J. D. Hayner, W. H. Munn, E. R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

Janesville Daily Gazette.

WEDNESDAY, MAY 4, 1864.

A WRITER in the Cincinnati *Commercial* writes that the order from General Sherman, that rations are no longer to be issued to citizens, has created intense feeling among the Tennesseeans, whose families will be immediately affected by it. It is well known here in the army that so great has been the tax upon the Government Commissary, by the feeding of destitute citizens, that it has been found impossible to collect supplies ahead. The Government facilities for transportation are very limited, and so much of the supplies have been distributed to citizens that, with what the army consumes, supplies are used up about as fast as they arrive. The army, this summer, will be removed far in advance of its base of supplies, and it is absolutely necessary for its savlation, that supplies should be husbanded at some point of easy access. The Government cannot feed citizens, and the army too. The former must depend upon their own resources, or the Government must starve its army.

That there will be wide-spread suffering and starvation in Tennessee this summer, there is no doubt. Thousands of families, whose male members are serving in the Union ranks, are to-day in a starving condition, with no hope of obtaining relief, and no means of putting in a crop. The only hope left them, is in the bounty of the North. If the East Tennessee Relief Association is supported by large donations, these gaunt and hungry Unionists may escape the starvation that now threatens.

THE LADIES of Indianapolis held a grand war meeting on Wednesday, the object of which was to procure lady volunteers to supply clerkships which may become vacant by the enrolling of men for the one hundred days service. Mrs. Governor Morton presided over the meeting. After taking the chair, she introduced Mrs. Colonel Canfield, of Ohio, who addressed the fair assembly with womanly eloquence. Nearly two hundred lady volunteers were obtained. The ladies propose to accept the pay of a soldier, $13 and rations, for their service, and allow the clerks to receive the full salary which they now obtain in their respective positions.

THE *Universe*, the old Philadelphia organ of the Catholic church, has a well-compacted article on the order of Major General Rosecrans, suppressing the New York *Metropolitan Record, alias Vindicator*. Our Philadelphia cotemporary admits that the "liberality of the press" is trenched upon by such orders, but argues that the security of the community—the greatest good for the greatest number—requires the step. The *Universe* thinks "the Catholic General, Rosecrans," did exactly right in suppressing the treasonable sheet.

OLD BEN Butler is a Jack-at-all-trades, and there is nothing from solving a constitutional question, or directing an army, down to regulating the toilet of a secesh woman, that he cannot do and do well. He has recently been overhauling the fire department of Norfolk, and is about to procure a small steam fire engine and ample hose for the city.

Dipsomania, or Thirst-Madness.

The periodical desire for strong drink which sometimes besets individuals, otherwise moral and exemplary, is a species of paroxysmal mania beyond the control of the patient. It is quite certain that there are thousands of cases of *remittent drunkeness*, which presents the specific symptoms of disease. The periodical drunkard is not an habitual dram drinker. But at particular times he appears to be attacked with a *thirst-madness* which deprives him of the power of volition, and hurries him into the most terrible excesses. During the interval between the paroxysms, he may be a perfectly sober man.

For many weeks, or even months, he may have steadily refused to taste a drop of liquor; may indeed have felt no inclination for it, but on the contrary regarded it with disgust. And yet, when the fit comes on, the raging thirst for alcohol utterly paralyzes his conscience and his will. A man in this condition is a monomaniac, and should be treated as one. If put under proper restraint at the commencement, of this *furore*, the dispomaniac, in nine cases out of ten, might be tided over his difficulty in the course of a week, and a perseverence in this course at the recurrence of the hallucination would probably eventuate in a complete cure. It is not easy to persuade the world that all drunkenness is not voluntary. The law does not recognise dipomania. It treats all inebriates alike. This seems to be unjust, though it is hard to say where the line should be drawn between free-will excess, and that which proceeds from an uncontrollable mania.

GOOD ADVICE.—The *Catholic Telegraph* of this week contains the following good advice to newly-arrived emigrants:

"The emigrant, if he consults his own interests, will not stop in any of the Eastern cities. The West is the place for him. There he will find his countrymen and countrywomen in thousands. In all the branches of industry he will find his kindred; all over it schools for his children, and churches; everywhere a place to make a comfortable home. Where such advantages are offered the seeker of labor should hasten, and leave the landlords to their hunting, grasing and post prandial rhetoric. He should bear in mind that the America of to-day gives employment to millions of his race, and that he can find hundreds of his native parish in every State.

This will lessen the first grief of home, and be conducive to pleasant and social intercourse, if properly regulated. Perhaps he may desire to enter the army. If so disposed he will be aiding the best and most beneficent Government on earth—a Government which was founded by the strong arms and hearts of Americans, Irishmen, Germans and Frenchmen—a Government which seeks to preserve a home for the unfortunate of other lands—a Government desirous of securing unity, prosperity and happiness to all, no matter where born—a Government the preservation of which is beyond anything this side of the grave—a Government which stands at the gate of the Republic, determined to assist the needy and useful, and transmit to posterity the grand system of laws which enables the poor to live decently and comfortably."

XXXVIII Congress---First Session.

HOUSE—APRIL 30.

Mr. Stevens, of Pennsylvania, from the Committee on Ways and Means, reported the Senate amendments to the army appropriation bill. Among the amendments was one which was adopted, appropriating $45,000 for the purchase of artificial limbs for soldiers and sailors. The Senate amendment was read in which the Committee on Ways and Means recommended a concurrence as follows: That colored persons mustered into the military service, shall receive uniform, clothing, rations, medical hospital attendance and emoluments as white soldiers, from and after the 1st of June, 1864; and any person of color, hereafter mustered into the service, shall receive a bounty not exceeding $500.

Considerable debate ensued.

Mr. Clay of Kentucky, said the property of his constituents had been stolen from the plantations, not only negroes, but stock and everything else. The negroes who were valuable were taken into the military service, while the useless slaves and women and children are supported at the expense of the Government, without a particle of law. The Government protected its officers in stealing negroes. He knew it to be true. He had suffered himself, and to the truth of this he would swear in a court. He asked for nothing but what the law and the constitution gave him, and when these rights were trampled under foot he would raise his voice against it.

Mr. Elliott said he understood the gentleman from Kentucky to charge that the Government officers had stolen negroes. Did the gentleman say that they had yet to learn that any such statements noted are the truth?

Mr. Clay answered, I do.

Mr. Elliott denied the statement that negroes had been stolen by army officers.

Mr. Clay said thousands of contrabands were dying in camp of all diseases, and imagined they were rotting in filth.

Mr. Elliot said it had been his warmest wish that a Freedmen's Bureau should be established to avoid any difficulties.

Mr. Clay (resuming) said such mortality was in the want of your system. You care no more for a negro than you do for a horse. You are purchasing these negroes with bounties to save white men. My patience is worn out. I would rather be a slaveholder than a robber, stealing all over the country.

Mr. Holman asked: "Are we prepared to place, by solemn legislation, the black upon the same footing with the white soldiers? Gentlemen, you have got this question to meet."

Mr. Stevens said the question was whether all soldiers who wore the livery of the Union and marched under its banner are common with the army of the Union, and who exposed themselves to battle and death, should be placed on an equality, or whether we were to keep up our unjust distinction. He despised such distinction between troops in the day of death and battle. Why should not they be paid and clothed alike. History had showed that they had fought as gallantly and bravely as the white men at their side, and this infamous and defrauding distinction was to to be kept up. Let not the nation for a moment sanction it. Let it not go forth as the opinion of this body that the black and red men are not to be treated like other men, who perilled their lives in their country's defense. He admired the conduct of the 54th Massachusetts, who refused to take the ten dollars per month, and who marched from their own soil with a magnanimity which would do credit to the best man in Indiana.

Mr. Holman offered an amendment to increase the pay of soldiers to $20 per month after January 1st, 1864, with a corresponding increase of pay to non-commissioned officers.

Mr Stevens said that the amendment was not pertaining to the pay of the regular army.

The Speaker sustained the objection.

Mr. Holman took an appeal from the decision, when the Speaker was sustained by laying the appeal upon the table. Yeas, 95; nays, 25.

Mr. Schenck offered an amendment to the pending Senate amendment, making the equalization of pay commence on the 1st of May, instead of January. This was disagreed to by 58 against 65.

The House then agreed to the Senate amendment about the equalization of pay, &c.; by a vote of yeas, 81; nays, 49.

The Senate amendments to the army appropriation bill were all agreed to, including the following:

All persons of color, who have been or may be mustered into the military service of the United States, shall receive the same uniform, clothes, arms, equipments, camp equipage, rations, medical hospital attendance, pay and emoluments, other than bounty, as other soldiers, in the regular and volunteer forces of the United States of the like arm of the service, from and after January 1st, 1864, and that every person of color who shall hereafter be mustered in the service shall receive the same amount of bounty as the President shall order in the different States and parts of States, not exceeding one hundred dollars.

Any colored person enlisted and mustered into the service as a volunteer under the call of October 7, 1863, for 300,000 men, who was at the time of enlistment enrolled and subject to draft in the State in which he volunteered, shall receive from the United States the amount of bounty as paid to white soldiers under the call, not exceeding in any case one hundred dollars.

Fashionable Parlor.

In Mrs. Stowe's "House and Home Paper," in May number of the *Atlantic Monthly*, there is this little picture of a fashionable parlor:

How many people do we call on from year to year, and know no more of their feelings, habits, tastes, family ideas and ways, than if they lived in Kamtschatka! And why? Because the room they called a front parlor is made expessly so that you never shall know. They sit in a back room—work, talk, read, perhaps. After the servant has let you in and opened a crack in the shutters, and while you sit waiting for them to change their dress and come in, you speculate as to what they may be doing. From some distant region, the laugh of a child, the song of a canary bird reaches you, and then a door claps hastily to. Do they love plants? Do they write letters, sew, embroider, crotchet? Do they ever romp and frolic? What books do they read? Do they sketch or paint? Of these possibilities a mute and muffled room says nothing. A sofa and six chairs, two ottomans fresh from the upholstrer's, a Brussels carpet, centre-table with four gift books of beauty on it, a mantle-clock from Paris, and two bronze vases—all these tell you only in frigid tones, "This is the best room," only that and nothing more—and soon she trips in in her best clothes, and appologizes for keeping you waiting, asks how your mother is, and you remark that it is a pleasant day—and thus the acquaintance progresses from year to year. One hour in the little back room, where the plants, the canary bird and the children are, might have made you fast friends for life; but as it is, you care no more for them than the gilt clock on the mantel.

GOV. SEYMOUR has appointed Billy Wilson Colonel of the 69th regiment N. Y. S. M.

What a Garden May Be.

Here let me outline, in brief, what a farmer's garden may be made, without other than home labor. A broad walk should run down the middle of either square enclosure, or long parallelogram. A box edging upon either side is of little cost, and contributes eminently to neatness; it will hold good for eight years, without too great encroachment, and at that time, will sell to the nursery-men for more than the cost of re-setting. On either side of this walk, in a border of six feet wide, the farmer may plant his dwarf fruit, with grapes at intervals, to climb upon a home-made cedar trellis, that shall overarch and embower the walk. If he love an evening pipe in his garden, he may plant a simple seat under one or more of those leafy arbors.

At least one-half the garden, as I before suggested, he may easily arrange to till—spring and autumn,—with the plow; and whatever he places there in the way of tree and shrub, must be in lines parallel with the walk. On the other half he will be subjected to no such limitations; there he will establish his perennials—his asparagus, his thyme, his sage and parsley; his rhubarb, his gooseberries, strawberries, and his raspberries; and in an angle—hidden, if he chooses, by a belt of shrubbery—he may have his hotbed and compost heap. Fork-culture, which all these crops demand; will admit of any arrangement he may prefer, and he may enliven the groupings, and win the good wife's favor, by here and there a little circlet of such old fashioned flowers as tulips, —yellow lillies and white, with roses of all shades. Upon the other half he may make distribution of parts by banding the various crops with border lines of China or refugee beans; and he may split the whole crosswise, by a walk overarched with climbing Limas, or the London Horticultural—setting off the two ends with an abutment of scarlet runners, and a surbase of fiery Nasturtium.

There are also available and pretty devices for making the land do double duty. The border lines of China-beams, which will be ripened in early August may have Swedes sown in their shadow in the first days of July, so that when the Chinas have fulfilled their mission, there shall be a new line of purple green in their place. The early radishes and salads may have their little circlets of cucumber pits, no way interfering with the first, and covering the ground when the first are done. The early Bassano beets will come away in time to leave the space for the the full flow of the melons that have been planted at intervals among them. The cauliflower will find grateful shade under the lines of sweet-corn, and the newly-set winter cabbages, a temporary refuge from the sun under shelter of the ripened peas. I do not make these suggestions at random, but as the result of actual and successful experience.

With such simple and orderly arrangement, involving no excessive labor, I think every farmer and country-liver may take pleasure in his garden as an object of beauty:—making it a little farm in miniature, with its coppices of dwarf trees, its hedge-rows of currants and gooseberries, and its meadows of strawberries and thyme. From the very day on which, in spring, he sees the first faint, upheaving, tufted lines of green from his Dan-O'Rookes, to the day when the dangling Limas, and sprawling, bloody tomatoes are smitten by the frost, it offers a field of constant progress, and of successive triumphs. Line by line, and company by company, the army of green things take position; the little flowery banners are flung to the wind; and lo! presently every soldier of them all—plundering only the earth and sunshine—is loaded with booty. —*Ik Marvel.*

INSURE WITH THE MUTUAL LIFE INSURANCE COMPANY OF WISCONSIN—IT IS THE BEST COMPANY FOR WESTERN MEN!—The reasons why this is the best Company, are: That it is a Western Company, made up of and managed by Western men, doing all or nearly all its business in the Northwest, and concentrating in this one Company a superior class of risks, mostly of young men, or men in the prime of life, and they selected with as great care in regard to eligibility to Life Insurance, as are the risks of any other company.

It is true that the Company has neither the age nor the accumulations of some eastern companies, but is gaining the latter very fast; is vigorous for one of its age; is doing a large business, having issued 637 policies in the months of December and January just passed, and is doing its business as economically as the same can be done anywhere. It has for its guide, the experience of all older companies, and among its managers some of the best business men in the northwest.

This is the first successful effort ever made to build up a similar institution in the West, and it should be the pride, as it certainly is the interest, of every business man in this section of the State, to identify himself with its growth.

This Company issues non-forfeiting policies, upon which premiums are paid in five or ten annual payments. These non-forfeiting policies are very desirable, as they guarantee to the policy holder the benefit of all the money that he pays into the Company, and also enable him to pay his premiums for the whole of life while he is young, or at an early period, thus relieving him from the burden of payment in old age. Insurance upon this plan, (as well as on all other policies that this Company issues) become due and payable at death, should death occur before the ten years expire.

It also issues the endowment policy which becomes due and payable to the party assured at a stated age specified. These latter policies are becoming quite popular, and are particularly desirable for young men.

DENTAL FACTORY!

DOCTOR BURRUS!

Has taken a set of rooms over McKey's Store, where he will be permanently located and practice every department of

DENTISTRY!

in all its branches. He will not only make teeth to order for his patients, but intends to keep on hand a large assortment of teeth for Dentists. He makes teeth so cheap that none need go without them. Every variety of style, from five to sixty dollars per set, and imitates nature with such precision that they cannot be distinguished from the natural teeth, with one exception, that is, they never *ache! He puts no nerves in them!*

Teeth Extracted Without Pain.

Dr. Burrus has also just procured a quantity of pure, *Hydric Aether*, which has been pronounced by all the Dental and Medical Journals, as well as by the ablest of the medical profession, to be the best and safest of all the anæsthetic agents yet known for the purpose of extracting teeth. He has a new mode of administering this agent, a new apparatus for the express purpose. It is preferable to and less dangerous, though analagous, to the

Nitrous Oxide Gas, (Laughing Gas.)

This gas has been before the public over half a century, and proved to be dangerous and uncertain in its action.

Dr. Teft's Local Anasthecia.

Dr. Burrus uses this agent for all who desire it. A small piece of cotton wet with this agent put around the neck of the tooth soon removes all sensibility in the parts. It is not dangerous under any circumstances.

NEWSPAPERARCHIVE®

Janesville Daily Gazette.

WEDNESDAY, MAY 4, 1864.

GLACIERS.—There was a glacier. It was the first I had seen. For years I had read everything that I could lay my hands upon concerning glaciers; had followed Alpine travelers with an interest scarcely less than that excited by Polar regions; had been an invisible and imaginary member of the Alpine Club, and explored with its most adventurous men the "Peaks Passes and Glaciers of the Alps," and yet had never seen one! There was a kind of mystery hung about them. They were clothed in my mind with an indescribable interest. At length I beheld it. There it lay of dazzling whiteness, so that I could scarcely look upon it. It seemed to be let down from the sky. The clouds darkened the valley where I stood. But they had opened, far up this valley to the left, and let through a blaze of light which kindled the snow to the most intense and dazzling radiance. I sat down in silence. I don't know if tears should have started. It was not simply the picture that lay before me. It was the stirring within, by that picture, of those subtle yearnings that never fail to rise in the presence of objects that bring near the conception of the Infinite and Eternal God. My inward vision was far beyond any outward seeing. I almost expected to hear an Apocalyptic voice, and to behold angels above it, as if this exceeding whiteness, lifted up against the far sky, could mean nothing else than the opening of the Gate of Heaven!—*H. W. Beecher.*

It shall be the constant aim of the proprietor of the "Parlor" to keep pace with all the improvements and discoveries made by the most advanced and scientific artists in the country. Those who are longing for

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

Agricultural Implements.

FARMERS, TAKE NOTICE!

The undersigned are having made at Beloit, Wis., one hundred of those Reapers known as the

Cheap, or Webber Reaper!

Notwithstanding the increase of nearly double in price over other years of all materials put in Reapers, we are going to sell for 1864 at about the same prices as before. Our prices at the shop are $110 cash for single Reaper, for Reaper and Mower $140. We are making Fifty Mowers, which will be warranted to do good work. They will be made of steel bars of the Buckeye pattern, except the hinges.
Those buying Reapers alone can have Mowers the next year or thereafter for the same price, as the difference between reaper and mower.
We do not deem it necessary to extol our Reaper, for it is already known to be the only two-horse Reaper in use. Notwithstanding a great many are used with two horses, they ought to use three or four, and some of them six, to be as easy to the horse as ours are to two ordinary horses.
Please send in your orders early to be sure of a machine, as positively only one hundred of them will be built, and we will warrant each and every machine to

Work Well in all Kinds of Grain!

The Reels will be different from last year. They will be the over hanging reel, and have six bats instead of four keeping the reel, holding the grain to the sickle steady.
They will be shipped to any depot in Wisconsin or Illinois. Ten per cent. will be added if sold on time. One half the 1st of September, 1864, the balance the 1st of September, 1865.
Those buying machines will confer a favor by giving this machine publicity in their respective neighborhoods. When material gets to its usual stage we intend to make it a ninety dollar machine, and should have done it but for the unprecedented high prices of everything to construct machines with.

The Reaper Shop at Afton!

will attend strictly to the repairing of the Webber Reaper. None others wanted. We are prepared to change from chain to belt, put on castor wheels upon short notice. Men will be on hand to repair promptly. Charges light as the cost of material will admit. We shall manufacture none at that place, consequently we will be prepared to repair. Work solicited. Janesville Daily Gazette.

WEDNESDAY, MAY 4, 1864.

A WRITER in the Cincinnati *Commercial* writes that the order from General Sherman, that rations are no longer to be issued to citizens, has created intense feeling among the Tennesseeans, whose families will be immediately affected by it. It is well known here in the army that so great has been the tax upon the Government Commissary, by the feeding of destitute citizens, that it has been found impossible to collect supplies ahead. The Government facilities for transportation are very limited, and so much of the supplies have been distributed to citizens that, with what the army consumes, supplies are used up about as fast as they arrive. The army, this summer, will be removed far in advance of its base of supplies, and it is absolutely necessary for its savlation, that supplies should be husbanded at some point of easy access. The Government cannot feed citizens, and the army too. The former must depend upon their own resources, or the Government must starve its army.

That there will be wide-spread suffering and starvation in Tennessee this summer, there is no doubt. Thousands of families, whose male members are serving in the Union ranks, are to-day in a starving condition, with no hope of obtaining relief, and no means of putting in a crop. The only hope left them, is in the bounty of the North. If the East Tennessee Relief Association is supported by large donations, these gaunt and hungry Unionists may escape the starvation that now threatens.

THE LADIES of Indianapolis held a grand war meeting on Wednesday, the object of which was to procure lady volunteers to supply clerkships which may become vacant by the enrolling of men for the one hundred days' service. Mrs. Governor Morton presided over the meeting. After taking the chair, she introduced Mrs. Colonel Canfield, of Ohio, who addressed the fair assembly with womanly eloquence. Nearly two hundred lady volunteers were obtained. The ladies propose to accept the pay of a soldier, $13 and rations, for their service, and allow the clerks to receive the full salary which they now obtain in their respective positions.

THE *Universe*, the old Philadelphia organ of the Catholic church, has a well-compacted article on the order of Major General Rosecrans, suppressing the New York *Metropolitan Record, alias Vindicator*. Our Philadelphia cotemporary admits that the "liberality of the press" is trenched upon by such orders, but argues that the security of the community—the greatest good for the greatest number—requires the step. The *Universe* thinks "the Catholic General, Rosecrans," did exactly right in suppressing the treasonable sheet.

OLD BEN Butler is a Jack-at-all-trades, and there is nothing from solving a constitutional question, or directing an army, down to regulating the toilet of a secesh woman, that he cannot do and do well. He has recently been overhauling the fire department of Norfolk, and is about to procure a small steam fire engine and ample hose for the city.

Dispomania, or Thirst-Madness.

The periodical desire for strong drink which sometimes besets individuals, otherwise moral and exemplary, is a species of paroxysmal mania beyond the control of the patient. It is quite certain that there are thousands of cases of *remittent drunkeness*, which presents the specific symptoms of disease. The periodical drunkard is not an habitual dram drinker. But at particular times he appears to be attacked with a *thirst-madness* which deprives him of the power of volition, and hurries him into the most terrible excesses. During the interval between the paroxysms, he may be a perfectly sober man.

For many weeks, or even months, he may have steadily refused to taste a drop of liquor; may indeed have felt no inclination for it, but on the contrary regarded it with disgust. And yet, when the fit comes on, the raging thirst for alcohol utterly paralyzes his conscience and his will. A man in this condition is a monomaniac, and should be treated as one. If put under proper restraint at the commencement, of this *furore*, the dispomaniac, in nine cases out of ten, might be tided over his difficulty in the course of a week, and a perseverence in this course at the recurrence of the hallucination would probably eventuate in a complete cure. It is not easy to persuade the world that all drunkenness is not voluntary. The law does not recognise dipomania. It treats all inebriates alike. This seems to be unjust, though it is hard to say where the line should be drawn between free-will excess, and that which proceeds from an uncontrollable mania.

GOOD ADVICE.—The *Catholic Telegraph* of this week contains the following good advice to newly-arrived emigrants:

"The emigrant, if he consults his own interests, will not stop in any of the Eastern cities. The West is the place for him. There he will find his countrymen and countrywomen in thousands. In all the branches of industry he will find his kindred; all over it schools for his children, and churches; everywhere a place to make a comfortable home. Where such advantages are offered the seeker of labor should hasten, and leave the landlords to their hunting, grasing and post prandial rhetoric. He should bear in mind that the America of to-day gives employment to millions of his race, and that he can find hundreds of his native parish in every State."

This will lessen the first grief of home, and be conducive to pleasant and social intercourse, if properly regulated. Perhaps he may desire to enter the army. If so disposed he will be aiding the best and most beneficent Government on earth—a Government which was founded by the strong arms and hearts of Americans, Irishmen, Germans and Frenchmen—a Government which seeks to preserve a home for the unfortunate of other lands—a Government desirous of securing unity, prosperity and happiness to all, no matter where born—a Government the preservation of which is beyond anything this side of the grave—a Government which stands at the gate of the Republic, determined to assist the needy and useful, and transmit to posterity the grand system of laws which enables the poor to live decently and comfortably."

XXXVIII Congress---First Session.

HOUSE—APRIL 30.

Mr. Stevens, of Pennsylvania, from the Committee on Ways and Means, reported the Senate amendments to the army appropriation bill. Among the amendments was one which was adopted, appropriating $45,000 for the purchase of artificial limbs for soldiers and sailors. The Senate amendment was read in which the Committee on Ways and Means recommended a concurrence as follows: That colored persons mustered into the military service, shall receive uniform, clothing, rations, medical hospital attendance and emoluments as white soldiers, from and after the 1st of June, 1864; and any person of color, hereafter mustered into the service, shall receive a bounty not exceeding $500.

Considerable debate ensued.

Mr. Clay of Kentucky, said the property of his constituents had been stolen from the plantations, not only negroes, but stock and everything else. The negroes who were valuable were taken into the military service, while the useless slaves and women and children are supported at the expense of the Government, without a particle of law. The Government protected its officers in stealing negroes. He knew it to be true. He had suffered himself, and to the truth of this he would swear in a court. He asked for nothing but what the law and the constitution gave him, and when these rights were trampled under foot he would raise his voice against it.

Mr. Elliott said he understood the gentleman from Kentucky to charge that the Government officers had stolen negroes. Did the gentleman say that they had yet to learn that any such statements noted are the truth?

Mr. Clay answered, I do.

Mr. Elliott denied the statement that negroes had been stolen by army officers.

Mr. Clay said thousands of contrabands were dying in camp of all diseases, and imagined they were rotting in filth.

Mr. Elliot said it had been his warmest wish that a Freedmen's Bureau should be established to avoid any difficulties.

Mr. Clay (resuming) said such mortality was in the want of your system. You care no more for a negro than you do for a horse. You are purchasing these negroes with bounties to save white men. My patience is worn out. I would rather be a slaveholder than a robber, stealing all over the country.

Mr. Holman asked: "Are we prepared to place, by solemn legislation, the black upon the same footing with the white soldiers? Gentlemen, you have got this question to meet."

Mr. Stevens said the question was whether all soldiers who wore the livery of the Union and marched under its banner are common with the army of the Union, and who exposed themselves to battle and death, should be placed on an equality, or whether we were to keep up our unjust distinction. He despised such distinction between troops in the day of death and battle. Why should not they be paid and clothed alike. History had showed that they had fought as gallantly and bravely as the white men at their side, and this infamous and defrauding distinction was to to be kept up. Let not the nation for a moment sanction it. Let it not go forth as the opinion of this body that the black and red men are not to be treated like other men, who perilled their lives in their country's defense. He admired the conduct of the 54th Massachusetts, who refused to take the ten dollars per month, and who marched from their own soil with a magnanimity which would do credit to the best man in Indiana.

Mr. Holman offered an amendment to increase the pay of soldiers to $20 per month after January 1st, 1864, with a corresponding increase of pay to non-commissioned officers.

Mr Stevens said that the amendment was not pertaining to the pay of the regular army.

The Speaker sustained the objection.

Mr. Holman took an appeal from the decision, when the Speaker was sustained by laying the appeal upon the table. Yeas, 95; nays, 25.

Mr. Schenck offered an amendment to the pending Senate amendment, making the equalization of pay commence on the 1st of May, instead of January. This was disagreed to by 58 against 65.

The House then agreed to the Senate amendment about the equalization of pay, &c., by a vote of yeas, 81; nays, 49.

The Senate amendments to the army appropriation bill were all agreed to, including the following:

All persons of color, who have been or may be mustered into the military service of the United States, shall receive the same uniform, clothes, arms, equipments, camp equipage, rations, medical hospital attendance, pay and emoluments, other than bounty, as other soldiers, in the regular and volunteer forces of the United States of the like arm of the service, from and after January 1st, 1864, and that every person of color who shall hereafter be mustered in the service shall receive the same amount of bounty as the President shall order in the different States and parts of States, not exceeding one hundred dollars.

Any colored person enlisted and mustered into the service as a volunteer under the call of October 7, 1863, for 300,000 men, who was at the time of enlistment enrolled and subject to draft in the State in which he volunteered, shall receive from the United States the amount of bounty as paid to white soldiers under the call, not exceeding in any case one hundred dollars.

Fashionable Parlor.

In Mrs. Stowe's "House and Home Paper," in May number of the *Atlantic Monthly*, there is this little picture of a fashionable parlor:

How many people do we call on from year to year, and know no more of their feelings, habits, tastes, family ideas and ways, than if they lived in Kamtschatka! And why? Because the room they called a front parlor is made expessly so that you never shall know. They sit in a back room—work, talk, read, perhaps. After the servant has let you in and opened a crack in the shutters, and while you sit waiting for them to change their dress and come in, you speculate as to what they may be doing. From some distant region, the laugh of a child, the song of a canary bird reaches you, and then a door claps hastily to. Do they love plants? Do they write letters, sew, embroider, crotchet? Do they ever romp and frolic? What books do they read? Do they sketch or paint? Of these possibilities a mute and muffled room says nothing. A sofa and six chairs, two ottomans fresh from the upholsterer's, a Brussels carpet, centre-table with four gift books of beauty on it, a mantle-clock from Paris, and two bronze vases—all these tell you only in frigid tones, "This is the best room," only that and nothing more—and soon she trips in in her best clothes, and appologizes for keeping you waiting, asks how your mother is, and you remark that it is a pleasant day—and thus the acquaintance progresses from year to year. One hour in the little back room, where the plants, the canary bird and the children are, might have made you fast friends for life; but as it is, you care no more for them than the gilt clock on the mantel.

GOV. SEYMOUR has appointed Billy Wilson Colonel of the 69th regiment N. Y. S. M.

What a Garden May Be.

Here let me outline, in brief, what a farmer's garden may be made, without other than home labor. A broad walk shoulder-run down the middle of either square enclosure, or long parallelogram. A box edging upon either side is of little cost, and contributes eminently to neatness; it will hold good for eight years, without too great encoachment, and at that time, will sell to the nursery-men for more than the cost of re-setting. On either side of this walk, in a border of six feet wide, the farmer may plant his dwarf fruit, with grapes at intervals, to climb upon a home-made cedar trellis, that shall overarch and embower the walk. If he love an evening pipe in his garden, he may plant a simple seat under one or more of those leafy arbors.

At least one-half the garden, as I before suggested, he may easily arrange to till—spring and autumn,—with the plow; and whatever he places there in the way of tree and shrub, must be in lines parallel with the walk. On the other half he will be subjected to no such limitations; there he will establish his perennials—his asparagus, his thyme, his sage and parsley; his rhubarb, his gooseberries, strawberries, and his raspberries; and in an angle—hidden, if he chooses, by a belt of shrubbery—he may have his hotbed and compost heap. Fork-culture, which all these crops demand; will admit of any arrangement he may prefer, and he may enliven the groupings, and win the good wife's favor, by here and there a little circlet of such old fashioned flowers as tulips, —yellow lilies and white, with roses of all shades. Upon the other half he may make distribution of parts by banding the various crops with border lines of China or refugee beans; and he may split the whole crosswise, by a walk overarched with climbing Limas, or the London Horticultural—setting off the two ends with an abutment of scarlet runners, and a surbase of fiery Nasturtium.

There are also available and pretty devices for making the land do double duty. The border lines of China-beans, which will be ripened in early August may have Swedes sown in their shadow in the first days of July, so that when the Chinas have fulfilled their mission, there shall be a new line of purple green in their place. The early radishes and salads may have their little circlets of cucumber pits, no way interfering with the first, and covering the ground when the first are done. The early Bassano beets will come away in time to leave the space for the the full flow of the melons that have been planted at intervals among them. The cauliflower will find grateful shade under the lines of sweet-corn, and the newly-set winter cabbages, a temporary refuge from the sun under shelter of the ripened peas. I do not make these suggestions at random, but as the result of actual and successful experience.

With such simple and orderly arrangement, involving no excessive labor, I think every farmer and country-liver may take pleasure in his garden as an object of beauty:—making it a little farm in miniature, with its coppices of dwarf trees, its hedge-rows of currants and gooseberries, and its meadows of strawberries and thyme. From the very day on which, in spring, he sees the first faint, upheaving, tufted lines of green from his Dan-O'Rookes, to the day when the dangling Limas, and sprawling, bloody tomatoes are smitten by the frost, it offers a field of constant progress, and of successive triumphs. Line by line, and company by company, the army of green things take position; the little flowery banners are flung to the wind; and lo! presently every soldier of them all—plundering only the earth and sunshine—is loaded with booty. —*Ik Marvel.*

INSURE WITH THE MUTUAL LIFE INSURANCE COMPANY OF WISCONSIN—IT IS THE BEST COMPANY FOR WESTERN MEN!—The reasons why this is the best Company, are: That it is a Western Company, made up of and managed by Western men, doing all or nearly all its business in the Northwest, and concentrating in this one Company a superior class of risks, mostly of young men, or men in the prime of life, and they selected with as great care in regard to eligibility to Life Insurance, as are the risks of any other company.

It is true that the Company has neither the age nor the accumulations of some eastern companies, but is gaining the latter very fast; is vigorous for one of its age; is doing a large business, having issued 637 policies in the months of December and January just passed, and is doing its business as economically as the same can be done anywhere. It has for its guide, the experience of all older companies, and among its managers some of the best business men in the northwest.

This is the first successful effort ever made to build up a similar institution in the West, and it should be the pride, as it certainly is the interest, of every business man in this section of the State, to identify himself with its growth.

This Company issues non-forfeiting policies, upon which premiums are paid in five or ten annual payments. These non-forfeiting policies are very desirable, as they guarantee to the policy holder the benefit of all the money that he pays into the Company, and also enable him to pay his premiums for the whole of life while he is young, or at an early period, thus relieving him from the burden of payment in old age. Insurance upon this plan, (as well as on all other policies that this Company issues) become due and payable at death, should death occur before the ten years expire.

It also issues the endowment policy which becomes due and payable to the party assured at a stated age specified. These latter policies are becoming quite popular, and are particularly desirable for young men.

LYON'S KATHAIRON.

LYON'S KATHAIRON!—Kathairon is from the Greek word "Kathro," or "Kathairo," signifying to cleanse, rejuvenate, and restore. This article is what its name signifies. For preserving, restoring, and beautifying the human hair, it is the most remarkable preparation in the world. It is again owned and put up by the original proprietor, and is now made with the same care, skill, and attention which gave it a sale of over one million bottles per annum.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair from falling off and turning grey.
It restores hair upon bald heads.

Any lady or gentleman who values a beautiful head of hair should use Lyon's Kathairon. It is known and used throughout the civilized world. Sold by all respectable dealers. DEMAS S. BARNES & CO.,

He puts no nerves in them!*

Teeth Extracted Without Pain.

Dr. Burrus has also just procured a quantity of pure, *Hydric Aether*, which has been pronounced by all the Dental and Medical Journals, as well as by the ablest of the medical profession, to be the best and safest of all the anesthetic agents yet known for the purpose of extracting teeth. He has a new mode of administering this agent, a new apparatus for the express purpose. It is preferable to and less dangerous, though analagous, to the

Nitrous Oxide Gas, (Laughing Gas.)

This gas has been before the public over half a century, and proved to be dangerous and uncertain in its action.

Dr. Teft's Local Anasthecia.

Dr. Burrus uses this agent for all who desire it. A small piece of cotton wet with this agent put around the neck of the *tooth* soon removes all sensibility in the parts. It is not dangerous under any circumstances.

BADGER STATE NURSERY

LOUDON & ROBINSON,

Proprietors.

Persons in want of fruit trees will find at our nursery a large stock of the following kinds:

Apple, Pear, Cherry, Peach, Apricot, Nectarines. Of small fruits: Strawberries, Raspberries, Gooseberries, Blackberries, Currants, Grapes, &c, &c.

We have a large lot of grape vines, embracing over 150 varieties, including all of the old varieties, and most of the new and rare sorts.

Of ornamental trees, shrubs and evergreens, our stock is unrivalled. It embraces Maples, Elms, Ash, Buttonwood, Willows, Horse Chestnut, Mountain Ash, Basswood, Evergreens of every variety, Snowballs, Lilacs, Syringas, Dogwood, Weigelas, Roses, Flowering Almond, Spiræa, Roses, Japanese Quince, &c., &c., &c. In fact our space will not admit of an enumeration of the immense number of kinds and varieties of which our stock is composed.

Our trees and plants will be sold at greatly reduced rates, and are larger and better in every respect than those that are hawked about the country by peddlers of Eastern trees, of which one per cent. was never known to survive even the mildest Western winter.

Some portions of the nursery occupies leased land, which has to be cleared this spring. For this reason we shall offer great inducements to purchasers. Our bedding out and greenhouse plants will not be ready till about the middle of May. 301mr22lmw3t

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE

COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

Janesville Daily Gazette.

WEDNESDAY, MAY 4, 1864.

GLACIERS.—There was a glacier. It was the first I had seen. For years I had read everything that I could lay my hands upon concerning glaciers; had followed Alpine travelers with an interest scarcely less than that excited by Polar regions; had been an invisible and imaginary member of the Alpine Club, and explored with its most adventurous men the "Peaks Passes and Glaciers of the Alps," and yet had never seen one! There was a kind of mystery hung about them. They were clothed in my mind with an indescribable interest. At length I beheld it. There it lay of dazzling whiteness, so that I could scarcely look upon it. It seemed to be let down from the sky. The clouds darkened the valley where I stood. But they had opened, far up this valley to the left, and let through a blaze of light which kindled the snow to the most intense and dazzling radiance. I sat down in silence. I don't know if tears should have started. It was not simply the picture that lay before me. It was the stirring within, by that picture, of those subtle yearnings that never fail to rise in the presence of objects that bring near the conception of the Infinite and Eternal God. My inward vision was far beyond any outward seeing. I almost expected to hear an Apocalyptic voice, and to behold angels above it, as if this exceeding whiteness, lifted up against the far sky, could mean nothing else than the opening of the Gate of Heaven!—*H. W. Beecher.*

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

Agricultural Implements.

FARMERS, TAKE NOTICE!

The undersigned are having made at Beloit, Wis., one hundred of those Reapers known as the

Cheap, or Webber Reaper!

Nothwithstanding the increase of nearly double in price over other years of all materials put in Reapers, we are going to sell for 1864 at about the same prices as before. Our prices at the shop are $110 cash for single Reaper, for Reaper and Mower $140. We are making Fifty Mowers, which will be warranted to do good work. They will be made of steel bars of the Buckeye pattern, except the hinges.
Those buying Reapers alone can have Mowers the next year or thereafter for the same price, as the difference between reaper and mower.
We do not deem it necessary to extol our Reaper, for it is already known to be the only two-horse Reaper in use. Notwithstanding a great many are used with two horses, they ought to use three or four, and some of them six, to be as easy to the horse as ours are to two ordinary horses.
Please send in your orders early to be sure of a machine, as positively only one hunered of them will be built, and we will warrant each and every machine to

Work Well in all Kinds of Grain!

The Reels will be different from last year. They will be the over hanging reel, and have six bats instead of four keeping the reel, holding the grain to the sickle steady.
They will be shipped to any depot in Wisconsin or Illinois. Ten per cent. will be added if sold on time. One half the 1st of September, 1864, the balance the 1st of September, 1865.
Those buying machines will confer a favor by giving this machine publicity in their respective neighborhoods. When material gets to its usual stage we intend to make it a ninety dollar machine, and should have done it but for the unprecedented high prices of everything to construct machines with.

The Reaper Shop at Afton!

will attend strictly to the repairing of the Webber Reaper. None others wanted. We are prepared to change from chain to belt, put on castor wheels upon short notice. Men will be on hand to repair promptly. Charges light as the cost of material will admit. We shall manufacture none at that place, consequently we will be prepared to repair. Work solicited. REPORTED FOR THE JANESVILLE GAZETTE, BY DUMP & GRAY, GRAIN AND PRODUCE DEALERS.

JANESVILLE, May 4, 1864.

The wheat market was less active to-day, which is owing to news of a declining market at the lake shore. Receipts were about 2,000 bushels, which sold at $1.13@1.15 for choice milling spring, and $1.05@1.12 for shipping grades, closing quiet. Corn is also less inquired for, and prices may be quoted 1@2c lower, with sales of shelled at 84@88c ₽ 60 lbs, and ear do. at 70@75c ₽ 72 lbs. Oats are in good demand at a decline of 1c ₽ bushel, sales ranging to-day at 57@59c for No. 1, and 52@55c for mixed lots. Potatoes, under advices of a large falling off in price at the lakeshore, now unsettled and 5@10c lower, with sales of Neshannocks and Peach Blows at 60@65c, and common and mixed lots at 35@45c. BADGER STATE NURSERY

LOUDON & ROBINSON,

Proprietors.

Persons in want of fruit trees will find at our nursery a large stock of the following kinds:

Apple, Pear, Cherry, Peach, Apricot, Nectarines. Of small fruits: Strawberries, Raspberries, Gooseberries, Blackberries, Currants, Grapes, &c., &c.

We have a large lot of grape vines, embracing over 150 varieties, including all of the old varieties, and most of the new and rare sorts.

Of ornamental trees, shrubs and evergreens, our stock is unrivalled. It embraces Maples, Elms, Ash, Buttonwood, Willows, Horse Chestnut, Mountain Ash, Basswood, Evergreens of every variety, Snowballs, Lilacs, Syringas, Dogwood, Weigelas, Roses, Flowering Almond, Spiraea, Roses, Japanese Quince, &c., &c., &c. In fact our space will not admit of an enumeration of the immense number of kinds and varieties of which our stock is composed.

Our trees and plants will be sold at greatly reduced rates, and are larger and better in every respect than those that are hawked about the country by peddlers of Eastern trees, of which one per cent. was never known to survive even the mildest Western winter.

Some portions of the nursery occupies leased land, which has to be cleared this spring. For this reason we shall offer great inducements to purchasers. Our bedding out and greenhouse plants will not be ready till about the middle of May. 301mr22d1maw3t

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE

COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.
